

KÄRCHER KM 85/50 W Bp

The KM 85/50 W BAT is a walk-behind, self-propelled sweeper. The unit operates on the overthrow principle, which allows the waste container to be filled to almost 100% of its capacity.

Low weight and low noise level for excellent operator convenience, compact construction for good maneuverability.

Drive:

- DC motor powered by 24V battery
- Sweeping speed approx. 4.5 km/h
- Forward travel

Sweeping/vacuuming system:

Roller brush with chevron pattern bristles for good dirt collection and optimum results.

Waste container:

Mobile waste containers made of corrosion-free impact resistant plastics, which are easily removed from the machine.

Standard Features / Accessories

- Bulk waste flap
- Mobile container
- Overthrow sweeping principle
- Patented filter shaker system
- Side brush, liftable/adjustable
- State-of-charge indicator
- Travel drive, forward
- Vacuum

Part no. 1.351-107.0

TECHNICAL SPECIFICATIONS

Dimensions (L x W x H)	1355 x 910 x 1155 mm
Drive	DC motor
Working width	610 mm
Working width with 1 side brush	850 mm
Working width with 2 side brushes	1050 mm
Operating speed	4,5 km/h
Filter area	2,1 m ²
Max. Area performance	4860 m ² /h
Weight	126 kg
Weight	177 kg
Container capacity	50 l
Hill climbing ability	15 %
Drive rating	24 V / 750 W
Working width with 1 or 2 brushes	850-1050 mm
