

KÄRCHER NT 30/1 Me Classic

Powerful and simple wet/dry vacuum cleaner with a very good price/performance ratio.

Features:

Strong suction power - Powerful vacuuming of various types of dirt with excellent cleaning results.

Large permanent main filter basket - Optimal dust separation. Makes vacuuming without filter bag over a longer period possible and is therefore time and cost saving.

Shock-resistant container construction and robust chassis with 4 castor wheels - Meets highest commercial requirements and easy handling. Moreover, the bumper prevents furniture from being damaged.

Accessory storage on the back of the machine - Makes accessories available during the operation, avoids losses and ensures optimal storage.

Easy service concept for turbine - Quick removal of the turbine within 30 seconds. Saves time and additional service costs.

Standard Features / Accessories
