

## KÄRCHER HD 5/11 Cage Classic

The compact, light and versatile HD 5/11 Cage Classic cold water high-pressure cleaner impresses with excellent mobility and is suitable for both vertical and horizontal operation.

The unit includes a quality proven robust pump and German motor with reliable stainless steel pistons as well as high-performance seals for increasing durability, a power nozzle for unbeatable cleaning performance with a built-in carrying handle for easy loading into vehicles as well as transport. With maximum flexibility, the user can choose optimum operation mode for the application and the machine requires very little space for storage or transport.

### Features:

- High mobility: Compactness, easy loading and transport with carrying handle.
- Ease of use: ON/OFF only, flexible accessory storage.
- Flexibility: Horizontal operation and Vertical operation when mounted onto the wall.
- Durability: Brass cylinder head, automatic pressure-relief system.
- Storage concept: Integrated hook for high-pressure hose storage and spray gun.
- Serviceability: Motor and pump are easy accessible for service & maintenance.

### Standard Features / Accessories

Trigger gun  
10 metre high pressure hose  
600 mm rotatable spray lance  
Power nozzle  
Three-piston axial pump, with stainless steel pistons

Part no. 1.520-204.0

### TECHNICAL SPECIFICATIONS

Type of current	1/230/50 Ph/V/Hz
Flow rate	500 l/h
Operating pressure	110/11 bar/MPa
Feed temperature	60 °C
Connection output	2,2 kW
Weight	22 kg
Dimensions (L x W x H)	475 x 330 x 332 mm
