

## KÄRCHER T 7/1 Classic

Professional, convenient and ergonomic: the T 7/1 Classic is an extremely lightweight, entry-level dry vacuum cleaner with high suction power and practical cable storage.

The compact T 7/1 Classic, with powerful 1,000 W motor produces a strong vacuum of 230 mbar. The vacuum cleaner therefore operates at a pleasantly quiet 63 db(A). The machine has a 1,7 m suction hose and at just 3.5 kg is extremely light with ergonomic bend for non-stop, effortless working. This dry vacuum cleaner features two fixed wheels and two steering rollers for excellent trailing characteristics. A surrounding bumper edge prevents damage to furniture and other items by the impact-resistant 7,5 litre container. The T 7/1 Classic features a fleece filter bag as standard.

### Features:

Lightweight - At just 3.5 kg, it is up to 50% lighter than its competitors that have the same container capacity. Ideal for stairs, etc.

Professional floor nozzle - The robust floor nozzle can be switched to suit both hard surfaces and carpets.

Secure cord storage - Easy power cord storage on the cord hook prevents the risk of tripping.

### Standard Features / Accessories

Clip system for hose extension  
3 x 350 mm Suction pipes  
270 mm Switchable floor nozzle  
Plastic container  
Fleece filter bag

Part no. 1.527-181.0
